**Adelaide Brighton Ltd announces sale of its  
50% interest in Stabilised Pavements of Australia Pty Ltd**

Adelaide Brighton Ltd advises that it has sold its 50% shareholding in Stabilised Pavements of Australia Pty Ltd ("SPA") to the other 50% shareholder of the business effective from 1 February 2000.

This sale has been concluded after a review of what was in the best interests of SPA and Adelaide Brighton.

SPA will continue as an important cement and lime customer of Adelaide Brighton's associates and will support the market development of new technologies introduced by Pavement Technology Ltd, Adelaide Brighton's wholly owned subsidiary which is a market leader in Australia in road stabilisation.

Adelaide Brighton is Australia's largest producer of cement and lime with operations in all mainland states.
