About Adelaide Brighton Ltd

Adelaide Brighton Ltd group is a leading, integrated producer of materials for the construction and resource sector industries with operations in all states and territories of Australia.

With its origins going back to 1882, Adelaide Brighton is an S&P/ASX200 company with market capitalisation of about \$2bn and 1550 employees.

Principal activities are the production and marketing of clinker, cement and lime products; ready mixed concrete and concrete products.

The major end-use markets of Adelaide Brighton's products include residential and non-residential construction, engineering construction, alumina and steel production and mining.

Adelaide Brighton is committed to the improvement of safety and environmental standards and performance by investment in the best available technology at economic cost and the continuous focus on safety standards and cultures.

Yours faithfully,

Group Supply
Adelaide Brighton Ltd
